FALL IS COMING

FALL IS COMING! Many things do bloom in early fall. Iris, Phlox, Madon, Lillies, Delphinium, Evergreens, Bleeding Heart.

Shrubs cannot be sent until the leaves drop and they are dormant.

Peonies, Tulips, Perennials, Iris, September to November. If your ground is drained, fall planting is best with many things.

JUST THINK! Daffodils when the snow is not all gone, then Tulips in lovely colors; a week after, the Iris, for a month. They surpass in range of colors and markings, any other flower. Close after them, the Peonies for weeks. Then Daisies, Perennials, until the early Gladiolus. You have Flowers all season.

TERMS: All bulbs, plants, light shrubs, and small trees under 1 ft. at prices herein listed, sent **PREPAID ANYWHERE** east of Mississippi river, provided order amounts to at least \$1.00.

Heavy Shrubs, Evergreen, Hedge, and Trees, or special wholesale priced lots, boxed free, sent by Express collect.

Little risk in sending money by letter. Use stamps for less than \$1.00, but check or money order are better.

We are too poor to do other than a cash business, and to protect you, guarantee you value for every cent sent us. If anything is not received right or in good shape, if you notify us **AT ONCE**, we will try to please you and make it right. We are not perfect, not as good as we were 40 years ago, but we can and do give satisfaction. But please remember after goods have been shipped in good shape, I can't be responsible for them or the resulting crop. It's up to you in the planting and care. I will do all I can to help you, and I know I please or lose you.

NORWAY SPRUCE, beautiful little trees, 10-12 in. 25c, 20 for \$1.00

RED SPRUCE

WHITE SPRUCE

BALSAM FIR

Beautiful 2 ft. trees with big ball of earth, wrapped in burlap \$1.00 to 2.00, depending on selection. We will send big value for your money.

JUNIPER, VIRGINIANA, Red Cedar, 18 in., 40c 3 for \$1.00

Have a fine lot of native pines and hemlocks as noted above. Many extra specimens, up to 4 and 8 ft. Let us know what you can use. Will quote low. We believe September a good time to plant evergreens if you shade a little and keep damp.

The small sizes not baled or burlapped, are just the thing to get started with at a low price. Plant in partial shade, a foot apart, water and mulch, grow 1 year then set out where you want them.
